

# CISA GATEWAY Registration

DEFEND TODAY,  
SECURE TOMORROW

## RELEASE NOTES

VERSION 1.1.00

RELEASE DATE: December 1<sup>st</sup>, 2022

The Registration v1.1.00 release in December 1<sup>st</sup>, 2022, included the following changes:

1. Updated Warning Message with latest verbiage based on MD 4900.
2. Replaced DHS seal with CISA seal and "IP Gateway" with "CISA Gateway" on the banner.
3. Added Release Notes to the tool.
4. Removed "IDCA only" box from registration form.
5. For required fields, changed color of asterisk to red and added footnote that clarifies that asterisks indicate a required field, to comply with Section 508 requirements.
6. Left aligned "characters remaining" text under "Need to Know" box and added comma separator to number.

### Federal User Form

7. Updated "Department or Agency" and "Component" lists.
8. Replaced "Office of Infrastructure Protection Sponsor" header with "Cybersecurity and Infrastructure Security Agency (CISA) Sponsor".

### State User Form

9. Replaced "State Government Name" submenu with "Government Organization" text box.

### Local User Form

10. Renamed "Local Government Agency" text box to "Government Organization".

### Tribal User Form

11. Removed "Tribal Government Supported" text box.
